1. Run the software
2. Go to Help -> Code Composer Studio Licensing Information
   - Select Upgrade tab, click Lunch License Setup button
   - Select Activate option and click Next button
   - Specify a license server. Enter WIN-FLEXLM.UCCS.EDU as the Address, and 27000 as the Port number. Click Next button
6. Close software and run it again. Licensed label is shown at the bottom of the application window
